Parental Refusal for State Assessment Participation

A parent/guardian who wishes to exempt his or her child from a particular state assessment or assessments shall make this request in accordance with state policy (IKA Section 2). In accordance with state law, the district shall not impose a negative consequence upon a student whose parent/guardian has requested an exemption from a state assessment or assessments. This policy's exemption process shall apply only to state assessments and shall not apply to district or classroom assessments. The request for exemption must be submitted in writing to the school principal. The request for exemption may apply to all or specific state assessments administered to the student during the school year. A request for exemption will be valid for one school year. Requests for exemption from state assessments in subsequent school years require a new written request.
